FROM THE DESK OF THE PRESIDENT

The holidays are upon us already. Everyone is busy, but if our new slate of officers ask you to help out next year think hard about it before you say no. We are only as good as we, the members make us. Even though I'm turning my office over to our new President in December, I'll be helping out when ever I can.

I'm working on my entry for theme of the month. We started doing this to get artists thinking and working on something new. So what did you come up with?

See you at the meeting, *Helen Long, President*

TRAG SHOOTERS Camera Club

By Linda Edge-Dunlap, Gallery Co-Curator

The Table Rock Art Guild's Camera Club had a field trip to Roaring River on October 26th. The group enjoyed the antics of the huge trout at the hatchery, and the beauty of the many trail heads throughout the park. Of great interest was the river itself meandering

throughout the park, highlighted by the changing color of the leaves. Dotted by many fishermen, who became subjects in our photographs, their storied successes and many failures were recorded by us all. Our attached group photo is unique because it is a combination of two photos. With no tripod for a self timed image, and no one available to shoot the group for us, a little magic had to happen via computer to make our group appear in one image. Jan shot one photo and Linda shot the other to include us all. The day came to a close by having a late lunch at The Office Restaurant and Bar in Golden. It was a 5 thumbs up venue to be sure, the staff was attentive, the food was very tasty **and** they had incredible pies.

The Camera Club is the featured artist for the month of November at the Gallery. The photographers whose work is on display include: Pat Bell, Debbie Bridges, Len Campa, Sharon Clarke, Linda Edge-Dunlap, Don Haberman, Charlotte Palmer, and Jan Rosenburg. Several Roaring River images at the Gallery were supplied by Don and Charlotte. Many thanks to those of you who stopped by during our First Friday, Meet and Greet on November 4th.

The next Camera Club meeting will be November 30th, at the Kimberling Area Library at 10:00. The topic will be "My three favorite photos of 2016". Each photographer is requested to bring each of their three favorites as a 4x6 photo. Discussion and critiques will be encouraged. Any current member of the Guild may join the Camera Club. There are no additional fees for club membership.
